UCHIDA MULTI-PURPOSE STACKER JOGGER MSJ-1

UCHIDA YOKO GLOBAL LIMITED

UCHIDA Multi-Purpose Stacker Jogger MSJ-1

Professional print stacking & jogging solution. Ideal for digital print finishing today.

The MSJ-1 is the up-to-date print stacking and jogging machine to catch up with growing demands from today's digital print and print finishing environments. Uchida developed the MSJ-1 with decades of experience in producing paper jogger, and the best engineering. The MSJ-1 is capable to stack a wide range of paper stocks, from light weight flimsy paper to heavy cardboard, A6 size to 1200mm long paper neatly. Proper print stacking helps downstream finishing and packing processes, and helps improving productivity in the end.

Best features

515mm table

730mm table

1200mm table

3 types of tables available.

The MSJ-1 can be configured with 3 types of tables with different length. Depending on media size used and workspace, you can choose the best table configurations.

Streamline print finishing workflow.

The Air stacking assist unit helps stacking long, flimsy papers neatly. The built-in ionizer also helps to remove static electricity on media, especially digital prints and laminated papers.

Adjustable infeed height and direction.

MSJ-1's infeed height is adjustable within a range of 550mm to 900mm. Also infeed direction can be either left to right or right to left. Thanks to these features, the MSJ-1 can stack papers from many type of printers and finishers.

Automatic table elevation.

Once the infeed height is set, the stacker table elevates automatically as papers come in. When the stacker is full, the MSJ-1 gives an alert.

Specifications

Stacking table configuration	1200mm table	730mm table	515mm table
Stacking & Jogging method	Right angled paper guides (side & end) & motor vibration		
Stackable paper size	100x148mm - 330x1,200mm	100x148mm - 330x730mm	100x148mm - 330x515mm
Table tilt angle (3-dimensional tilt)	(Long edge tilt) 5-10° (Short edge tilt) 5-15°		
Infeed height	550-900mm*	550-900mm	
Stacking capacity	75mm/25.3kg	150mm/30.8kg	
Stackable paper weight	82-350gsm		
Power source	110V, 120V, 220V, 230V or 240V, 50/60Hz, single phase		
Power consumption	120W		
Footprint (LxDxH)	1403x899x962mm	941x899x962mm	731x899x962mm
Gross weight	110.7kg	102.7kg	97.7kg
Remarks	*When the infeed height is set to 550mm, long edge table tilt angle is limited to 5°		

As part of our continuous product improvement program, specifications are subject to change without notice.

Options

Item name	Descriptions
515mm table	Suitable for prints up to SRA3 in size. For limited workspace.
730mm table	Suitable for banner prints up to 730mm in length.
1200mm table	Suitable for outputs from professional production press.
Air stacking assist unit SA-1	Helps stacking long paper, flimsy paper, grippy paper etc.
